¹Student headcount (N) is unduplicated. Each student is counted only once within each group in each given academic year.

²International students are those students who are non-resident aliens of any race and ethnicity.

³NH/OPI=Native Hawaiian/Other Pacific Islander

⁴Increase in the 'Unspecified' student population in Academic Year 2021-2022 is partly due to changes in the admissions application process, which led to a higher number of students not reporting

⁵Increase in the number of students 'Awarded Financial Aid' in Academic Year 2021-2022 and 2022-2023 is partly due to the distribution of financial aid under the Federal Higher Education

DEFINITIONS OF DATA ELEMENTS

Academic Performance

Academic performance is evaluated through several key metrics:

Grade Distribution: the range of final grades awarded across courses, highlighting academic outcomes.

Completion Rate: the percentage of students who complete their courses, receiving any final grades except those indicating withdrawal or non-completion (AU, I, IP, AW, W, or NS).

Calculation:

- The numerator is the number of students who received final grades of A, B, C, D, F, CR, or NC
- The denominator is the number of students who received final grades of A, B, C, D, F, CR, NC, AW, W, or NS

Note: grades AU (Audit), I (Incomplete), and IP (In Progress) are not included in this calculation
