Graphic Communications
Designed by Student: Mayra Coral

What Can Faculty Do to Help Students?

- ♦ Encourage students to think about individual or group projects in your courses or other courses that they might present at the Showcase
- ♦ Identify excellent course projects and suggest students present them
- ♦ Consider designing a project that includes presentation in the Showcase
- ♦ Share online Showcase information with your students
- ♦ Discuss possible projects with colleagues at Division meetings
- ♦ Remind AWC students about the Showcase Scholarships
- ♦ Bring classes to the Showcase or offer extra credit to those who attend

Important Dates

- ♦ Showcase participant registration opens: Jan 22nd
- ♦ Showcase participant registration deadline: March 20th
- ♦ Scholarship review team announces awards: March 27th

Showcase Scholarships Awarded for each Guiding Principles for Learning category

AESTHETICS & CREATIVE THINKING Students develop an expanded awareness and appreciation of the arts and sciences through the exploration of the human imagination and its expression.

COLLABORATION & INCLUSION Students communicate and cooperate in order to respect similarities and differences among diverse perspectives and experiences.

ANALYTICAL REASONING & METACOGNITION Students think critically and self-evaluate to identify, analyze and solve problems in a variety of situations and areas of study.

ETHICAL GROWTH & WELLNESS Students act ethically and responsibly in personal, academic, and professional settings and strive to develop overall well-being.

APPLICATION & CREATION OF KNOWLEDGE Students apply learning in new contexts and create knowledge in innovative ways.
